Rich,

Robin is going to verify that these numbers included the March sampling.

Total number of samples = 286
Total number of sample containers = 2110
Total number of broken containers = 8 (1 container was for a temp blank)
Total number of coolers shipped = 99
Total number of COC pages scanned = 164

Thank You,

Kevin Martin, Chemist

bcc sent to R3 EAID -

Good Morning EAID:

REMINDER - - Please send me any Salient Issues and Calendar Items for this week's Report

(March 9, 2012) by ..**no later than COB tomorrow -
Wednesday, March 7, 2012**

Also, please remember to keep me informed about **any** external outreach activities, so they can be entered into the Regional Outreach and Communications Systems (ROCS) database. Like the salient report and the calendar of events, the ROCS database is a very important tool, in keeping our Regional Management aware of all the outreach work and activities, we are involved in. **So please remember to let me know about these important functions as they are being planned/scheduled so I can enter them into the database.**

If you have any questions about salients, calendar items, or ROCS, please feel free to call me (215-814-5542), or respond to this e-mail.

Thank you very much - - Have a great day !
